INTERACTION FOR GREATER VALUE

For the eighth year in a row, IIA Sweden, Compliance Forum (Swedish organization for Compliance Officers), ISACA (IT-governance professionals), and SWERMA (Swedish chapter of the federation of Risk Management Association) are hosting the **GRC Conference** in Sweden. This edition of the Conference is set up as a **hybrid** experience at Quality Hotel Friends, with in person and digital attendance **May 4th**. The Conference theme is "Interaction for Greater Value" and aims at strengthening the cooperation between the audit and internal control functions, to contribute with added value within the organizations. The audience encompasses a wide spectrum of the audit and risk management community.

For Audit and Internal Control professionals in Sweden, this is the most important event of the year and we would like to invite your company to become a part of this event.
